alogis-VisualisationDashBoard – We portray the figures for managers...

alogis-VisualisationDashBoard can present the visualisation of large quantities of widely distributed information in compacted form. It can be implemented as an independent information system or as a part of a data warehouse.

Five good reasons to use alogis-VisualisationDashBoard

- 1 Flexible platform for selection and presentation of your company's own key performance indicators (KPI)
- 2 Automatic data update
- 3 Any configuration and number of applications
- 4 System independence
- 5 Device independence; tablets (iPad, Android tablet, Windows tablet), smartphones (iPhone, Android, Windows phone)
