

As an SAP Service Partner, we advise renowned companies in the automotive and logistics industry on how to make their IT-based processes efficient and sustainable throughout all phases of the value chain. But tasks and challenges grow, and so we grow with them. It opens up completely new opportunities for us. And attractive prospects for performance-driven people like yourself:

SAP Inhouse Support (m/f), also those changing career

Your tasks:

- Remotely support our SAP customer projects as part of Application Management
- Analyse malfunctions and develop solutions within 2nd and 3rd-level support
- Develop changes and enhancements as part of Change Management
- Advise customers on matters related to the use and configuration of our SAP-based solutions

Your qualifications:

- Very strong interest in logistics processes and their support using SAP systems
- A high willingness to learn and very good ability to grasp new things
- Outgoing personality and a good communicator
- Strong customer orientation and social skills, able to work independently
- Very good knowledge of German and good knowledge of English
- Willing to work outside of normal office hours

What we can offer you:

- Comprehensive training in our clients' SAP systems
- Attractive, performance-driven remuneration package and various additional benefits
- Informal working environment in the centre of Berlin with many team events and flat hierarchies
- Regular training and opportunity to take on responsibility
- Permanent position in a successful company with renowned clients
